Mr. M. NAVANEETHAM NAIDU B.A., B.L.,
Deputy Commissioner.

OFFICE OF THE DEPUTY COMMISSIONER
SHIMOGA DISTRICT.

Dated Shimoga, 5th. November 1942.

Dear Sir,

Subject:- Arrangements for the availability of essential foodstuffs and articles.

With reference to your D.O. letter No. 2090-8/C.S.dated 4th.November 1942 on the above subject, I ~~xxx~~ write to state that I have studied the position and kept a close watch in this respect in the District (Shimoga).

I may say that at present there is generally no difficulty in regard to the availability of the essential foodstuffs such as rice, ragi, jola etc., in the several places in this District. There is an adequate supply of rice (big variety), ragi and jola for the local requirements and there is no special difficulty felt in this respect. Where any place in the District has felt any difficul we have taken action to arrange for immediate supply to those places from the stockists and merchants at Shimoga or Sagar at control prices and arranged for the retail sales in Shandies or through approved dealers under the supervision of the Amildars and other local Officers. We have depots for retail sales at control prices working through the local Co-operative Societies and other special agencies in the following places:-

I. Shimoga Town:

(1) The Shimoga Town Co-operative StoresLtd.,with two branch depots in the different parts of the Town, for all the controlled articles.

(2) Nine special Depots through recognised local Agencies: ~~xx~~ Two excsusively for rice and ~~three~~ exclusively for ragi and jola and four for all essential articles .

II. In Bhadravati.

(1) The Works Co-operative Stores for all artic

(2) Two Special Depots in the Bazaar in the old Town, through Recognised local Agencies und the supervision of the Assistant Commissi and Municipal President, Bhadravati.

III. In Sagar:-

(1) Ganapathy Co-operative Stores for all essential articles. Sagar Town,

IV. In Jog Works Area:-

(1) The Jog Works (Departmental) Co-operative Stores at Karagal Colony; &

(2) -Do- Branch at Hirebasgar, for all articles.

These Depots may be regarded as " Fair Price Depots", not only for retail sales, but also for storing and supply of the controlled articles with our special assistance and under our general control. They are working very satisfactorily and carrying on large business and serving the local needs of all sections of ~~population~~ public (officials, non-officials, members and non-members and all persons). I have been arranging for supplies of the stock required for them at ~~controlled~~ prices from the several stock centres.

It is only in regard to sugar and kerosene oil that some difficulty is felt on account of the reduced supply. We have however, made special arrangements in this respect also, for retail sales at control prices with reference to the available supply. All the available sources of supply of kerosene oil have been tapped, and arrangements made to distribute the available kerosene oil to several places for retail sales at the Control price. In regard to sugar, we have made similar arrangements and there has been no special difficulty We are just receiving the October quota of 500 bags, and I am distributing this stock to the several places in the District for retail sales through the Licensed Dealers as per rules. The special Depots and Agencies noted above, are supplied with these two commodities also and are making retail sales to the Public at Control prices.

The Amildars and the Sub Division Officers have been visiting the Depots and the Depots and seeing to the Control measures, and I may say that there is no such abnormal situation with regard to the availability of the essential foodstuffs. If we could get an additional supply of kerosene oil and sugar, we could improve the position. We have however been managing with the available quantity of kerosene oil and sugar and distributing it as best as possible. I shall thank you

if you could help us to get an additional stock of Kerosene Oil and Sugar.

We have kept a close watch over the situation and I feel that in the circumstances noted above there is at present no special need for opening Government Depots. If in any place the available Local Agency should fail or prove inadequate to meet the needs, action will be taken to open a Government Depot on the lines indicated in your letter under reply.

Yours Sincerely.

The Deputy Commissioner,
Tumkur District,

S. Narayana Rao, M.A... (Hons)
Secretary to Government, Supplies Department
Bangalore.

Sir,

1) With reference to your D.O letter No. 2090-8/CS. dated 4-11-42 re: opening of Fair Price Depots etc., I have the honour to state that as already mentioned in my weekly reports, this District (comprising of 10 taluks) has at present 7 depots as noted in the margin in 6 Taluk Head Quarter places, opened by private gentlemen at their own cost and are working statisfactorily. The Town Co-operative Society at Thuruvekere has opened a depot at its own cost. The Thuruvekere Municipality have resolved to stock food grains out of their closing balance. Arrangements are being made to have similar depots started at the remining Taluk Head Quarter places, by private individuals.

Tumkur	2 depots
Kunigal, Tiptur, Sira	
Madhugiri, Pavagada	

2) The difficulty in running these depots lies in getting the requisite supply of the commodities in time. There have been frequent complaints of shortage of stock and I am forced to visit several merchants and ryots and induce them to release their stocks for sale in the depots.

3) Requisitions received from several merchants and depots for authority to import ragi and rice from the neighbouring Districts such as Chitaldrug and Mysore where it is learnt the commodities have been purchased by respective applicants for sale in the shops and depots here, have been sent to the Director of Civil Supplies for kind compliance.

In

In this connection I request that a recommendation may be sent to the Deputy Commissioners of Mysore and Chitaldrug Districts to provide the necessary facilities to this District.

4) With regard to sugar, I have distributed the sub-quotas to all taluks and appointed retail merchants who are selling the stuff at controlled rates. I have also permitted the sale of sugar in the grain depots also at controlled rates only. Some of the Amildars have reported that the quotas allotted to their taluks is not adequate. I am of opinion that an additional quantity of nearly 150 bags may be allotted to this District to meet the demands.

5) In respect of kerosene oil, I was hitherto distributing tins from Tumkur as occasions arose. On the 3rd instant I had a talk with the Agents of the 3 Importing Companies in the District. They have all agreed to sell the oil in retail in all shandies and in Taluk Head Quarter places every day. They have also agreed to meet the demands of institutions as well as Muncipalities in wholesale quantities. The District Superintendent of Police has been requested to give Police help to the vendors of kerosene oil and see to its proper distribution among the consumers.

6) The Amildars and Sub Division Officers have been requested to visit important shandies and villages and report any abnormal situation with regard to the availability of essential commodities.

7) In the circumstances, I am of opinion that the question of opening Fair Price or Government Depots may be deferred for the present.

I have the honour to be,
S i r,
Your most obedient servant,

Deputy Commissioner,
Tumkur District.

Deputy Commissioner

No. Pu 1/284/39-40 Dated Hassan, the 12th November 1942.

Dear Sir,

I am in receipt of your D.O.No.2090/S.C.S. dated the 4th November 1942 and write to state as follows:

1. As stated in your D.O. under advertance, complaints were being received of shortage of some essential commodities at certain places. I have therefore taken steps to have fair price depots opened in several places as follows:

At Arsikere, the local Co-operative Society has started a depot. Funds were obtained by inducing local merchants to take up shares in the society and using the money for purchase and sale of essential commodities. This has been working very well with a daily average sale of nearly two hundred rupees.

2) At Saklespur, I held a meeting of merchants and public spirited leaders among them have come forward with a sum of Rs. 2,950/- for the starting of a fair price depot. It is expected that this will aid in checking profiteering and in making essential commodities available at suitable rates.

3) At Hassan, I have induced the local Municipality to open a depot and I have advanced Rs.2,000/- to them from the funds at my disposal for this purpose. The depot is stocking ragi, rice and sugar and I have now added kerosene also on the list. It is functioning very well and is very popular.

I am investigating the possibility of opening these depots in other places also.

2. In this connection, I may bring to your notice one circumstance which is of essential importance. It is that it has become very difficult to keep a steady and uniform supply of essential commodities by means of these fair price depots. We are now practically obliged to purchase at the shandies where supply is sometimes very rare. ~~Sometimes~~ At the last shandy at Hassan, there seems to have been a shortage of rice and even ragi. In the shops in Saklespur, it is reported that ragi is not available, though rice is. It is very necessary to have some kind of organization for mobilising the foodstuffs available in the District at selected centres so that

their supply to places where there is scarcity may be rendered easier and demands met promptly and fully. Incidentally it will help me to meet any ~~further~~ demands from merchants also. I have therefore instructed Sub Division Officers to arrange for opening grain depots in all Taluk Headquarters where the grain grown in the area viz., ragi and rice may be purchased at control rates and kept in stock. I am advancing a sum of Rs.5,000/- to each Taluk for this purpose in order to enable the available food grains to be ~~xxxx~~ bought up and kept ready as reserve for use as and when occasion arises. I trust this action ~~xxxxxxx~~ meets with your approval.

3. I ~~may~~ state further that, in my opinion, these are all half way houses and do not adquately meet the situation as it is, nor even less will they meet, as it is likely to be. The trouble is in persuading growers of foodstuff to part with their commodities at control rates. It is no doubt true that a ~~removal of~~ refusal to sell commodities in this manner comes within the purview of the ~~xxxx~~ law. But it will be realized that ~~xxxx~~ it is scarcely possible to book every case of this type and it may lead to a commotion in the District, which is undesirable in the present difficult circumstances. I would therefore suggest that all foodstuffs may be commanded by Government and private purchases of these commodities stopped altogether. This will necessitate a string of depots all over where a standing offer will be made to the raiyat to purchase his commodity at fixed rates. Private transactions between merchants and grower must be prohibited. It is only then that we can muster up our resources and be able to regulate the supply of food grains in an adequate manner. I commend this suggestion to you for such action as you may deem fit.

4. Incidentally, I may bring to your notice that there is a wide complaint regarding the price of cloth and this has unfortunately been intensified by the food control measures that we have taken. The raiyat is now saying that while compelling him to part with his foodstuffs at rates lower than he could realise if left to himself, prices of other commodities like cloth which he has to buy have gone up and ~~xx~~ he is therefore unnecessarily hit hard in the interests of the consumer. While the argument

is exaggerated, there is no doubt that keeping prices of foodgrains a certain level may, when unaccompanied by measures to keep down prices of other commodities which the raiyat buys, lead to a certain amount of discontent and a feeling of injury which is extremely undesirable. This point may kindly be considered when food control measures are proposed to be stiffened and if any arrangement is possible by which cloth and other things which the raiyat buys are also rationed and made available to him at reasonable rates.

5. In the meantime, I request early approval of the arrangements made by me as detailed by me in para 2 of this letter and of my advance of Rs.2,000/- to the Municipality.

Yours sincerely,

Sir,

With reference to your D.O. letter No.2080-8/C.S dated the 4th November 1942, regarding the Opening of Fair Price Depots, I have the honour to state that the schedule of prices is fairly rigidly enforced in all the Head-Quarter Towns in this District and the co-operation of the merchants secured, so that there is not much room for complaint with regard to prices. Nevertheless action has already been taken as noted below:-

FOR OPENING DEPOTS.

1. Kolar Gold Fields: A depot was sanctioned by Government in their Order No.P.2752-3/42 dated 1-8-1942 and ragi is being sold therein to the labourers of Kolar Gold Fields at the scheduled prices from the month of July. Necessity has not yet arisen for the sale of any other articles from the depot. I have already indented to you in my letter No. FCC.216, dated 26th October 1942 for supply of 500 bags of rice to be kept in reserve to meet an emergency. A sum of Rs.10,000/- has been advanced to this depot from out of the sum of Rs.50,000/- placed at my disposal, in addition to Rs.25,000/- specially sanctioned for an emergency Reserve stock to this place. I have been attempting to keep a big Reserve of Ragi, but I have not been able to do so, because the demand is very heavy, being 800 to 1000 bags a week, not even a quarter of which is supplied by the merchants. Hence it is that I applied in my letter No.FCC.216, dated 31st October 19.. for the supply of 5000 bags of Ragi from outside, to be maintained as reserve. Both the quantities of ragi and rice that I have applied for to construct the emergency reserve may be kindly supplied immediately.

K o l a r. - Here too, the main difficulty is for ragi. Depot has been opened by the Municipality and at their req have given them an advance of Rs.5000/- and reported the fa

Not possible immediately. Stocks available in Dist may be requested

commodities required by the officials.

2. More depots will be opened when a need is felt. But the main difficulty, whatever be the number of depots opened, is one of supplies. The difficulties with regard to rice, I have explained in my previous letters, Black-marketting in mills, the prohibition of exports by the Deputy Commissioners of supply Districts, the delay in supply of waggons etc. have all contributed to the very low stock of the article at present in the District. With the measures that are now being taken by you, the supply of rice may improve. But the supply of ragi is becoming a more and more difficult problem. Whether the depot is owned by the Municipality or Co-operative society or Government, the supply has to be made only through the exertions of the Revenue Officers, as there is absolutely no voluntary flow into the market. The work has grown in volume and complexity. This has become the main work of the Amildars and Revenue Inspectors at present. ~~xxxxxxxx~~ A time is come for the entertainment of special Executive Staff for food-supply work. To release the Hobli Revenue Inspectors for their normal duties, and to assist the Amildar in keeping correct accounts of stocks of ragi and rice available, and promptly distributing them to areas where they are wanted and in helping the Municipalities or Co-operative Societies etc. in making purchases, each Amildar may be given the assistance of two Revenue Inspectors on Rs.40 plus 10/- with a peon each, solely for food work, except for Gudibanda Sub Taluk for which one Revenue Inspector would be enough. The transactions will be carried on, as far as possible, through non-Government Agencies. When it becomes absolutely necessary, the Amildar can purchase the commandeered article for the time being and for this purpose, a sum of Rs.1000/- may be placed at the disposal of each Amildar from out of the balance of Rs.50,000/- available with me.

An unstamped staff for Hobli Revenue Officers 17/11

I request early sanction of Government to the above proposals. I am submitting separate proposals with regard to clerical Staff.

Dear Sir,

Your D.O.letter No.C.S.2203 dated 5-11-42 conveying certa instructions in the matter of opening grain depots under Government Age in certain parts of the City. I write to say in reply that action is being taken in the matter on the lines indicated by you.

The Sub Division Officers and Amildars have been instruct demi officially to arrange for the purchase of rice, ragi ~~rag~~ and other essentiel food commodities from the producers in their jurisdiction and to supply the same to the Government grain depots at Bangalore City. Action is being taken seperately to place a sum of Rs.10,000/- at the disposal of each Sub Division Officer to enable him to make the purches forthwith. The Revenue officers have been further instructed to avail themselves of the ensuing jamebandies to induce the large scale produce of food grains to sell at least 50% of their produce at controlled rate for these depots.

Action is also being taken to appoint the necessary staf for the depots on the lines suggested by you. The Special Amildar, Ci Supplies, Bangalore City has been instructed to select suitable buildin for these depots at convenient centres in the areas at which they are t be located and submit a report. On receipt of his report a further re will be sent to you.

These depots have to be provided with the necessary equi ment suchm as scales, weights and measures, locks and small articles of furniture. I would suggest that the Director of Industries and Commer may be kindly addressed to arrange for the supply of two sets of scales (one big and one small) and standard weights and measures to each dep from the Central Industriel workshop, Bangalore. The cost on account this initial equipment including locks and furniture for each depot may come to about Rs.100/-. I solicit *the favour* of immediate orders in vi of the urgency of the matter.

Sir,

In continuation of this office letter of even number dated 11-11-1942 regarding the opening of four Government Depots in Bangalore city, I have the honour to state that a sum of Rs.10,000/- has been placed at the disposal of each of the Sub Division Officers of Bangalore, Dodballapur and Closepet, out of the allotment of Rs.50,000/- placed at my disposal in G.O.No.R.245-56/R.M.105-41-2 dated 10/14th July 1942 for advancing to Co-operative Societies in the District for purchasing and stocking food grains for an emergency. The Sub Division Officers have been asked to arrange for the purchase of rice, and ragi from the producers in their respecti jurisdictions and to transport the commodities to Bangalore city for the Government Grain Depots.

As several Co-operative Societies and Municipalities are also asking for advances to open Depots, the allotment placed at my disposal in the Government order referred to above is inadequate for the purpose and I request that immediate sanction of Government may be kindly obtained for an additional allotment of Rs.50,000/- being placed at my disposal to meet the demands arising out of the present situtaion. Necessary staff for the Depots has also been appointed and a copy of the memo appointing the staff will be sent separately for favour of reference.

The exact dates on which the Depots could be opened will be intimated to you on completion of the arrangements.

SUBJECT:- Regarding the opening of Fair Price Depots at Nanjangud, Chamarajanagar and Hunsur.

In continuation of this Office letter No.C.S. 161/42-43 dated the 14th instant on the above subject, I have the honour to forward herewith a copy of letter of even date received from Mr. K. COPY of letter dated the 16th November 1942 from the Mr. K, Visweswara Gowda, President, Town Municipal Council, Nanjangud, to the Deputy Commissioner, Mysore District, Mysore.

=====

I beg to place my humble opinion before you as follows re: Opening of a grain depot by the Nanjangu Town Municipal Council resolved at its Special General meeting hled on 30-10-1942.

Though the idea is a good one, I fear that it proves a failure in the practical working of the scheme. When the demand is not only for the town bu also for the people coming from the surrounding villages of the Taluk. If this is taken into considera tion the arrangement that the Council have thought off is certainly inadequate. Even though the depot is opened on a very small scale as an experiment, I believe it to be a loosing concern.

The closing balance of this Municipality as per sanctioned budget estimates for 1942-43 as on 30-6-43 works up to Rs.698/- and the cash balance on 1-11-42 (actuals) is Rs.5918/-. It will not be possible to spare any amount for the proposed Depot

in the above state of finances. To pay the Dearness allowance to the staff without effecting to the normal working of the other items is itself difficult and some how it is kept up and I believe it deserves your appreciation. The arrangement made by the Govern ment from time to time is quite satisfactory to meet the immediate needs of the town. The grant so generously offered by you may be utilised for the purpose The Special Committee so appointed by the Municipal Council may be held responsible to manage the affairs and to any profit or loss incurred by the working of the concern. Thereby I do not mean to experiment at the cost of Government Grant but I do not like to com in the way of its benevolent intention to help the poor. Though my heart is with those who wish to under take the whole work of helping the poor, to safe-guar the interest of the Council, I request you to kindly see that the Council is free from the risk of any los

SIR,

With reference to your demi Official letter No.2090-8/ C.S.dated 4th November 1942 regarding the opening of Fair Price Depots in this District, I have the honour to forward herewith copies of resolutions with the covering letters received from the Presidents of Chamarajnagar, Hunsur and Nanjangud Town Municipalities. The Chamarajnagar Town Municipality wants to utilise Rs. 5000/- out of its closing balance for opening a whole sale depot for the sale of certain articles to the retail dealers in the town. Subsequently I had discussions with some prominent members of the Municipal Council They agreed with me that the undertaking contemplated in the resolution was beyond their capacity and that Rs. 5000/- sanctioned by the Municipal Council was utterly inadequate for the purpose. They stated that they would be quite satisfied if the Government authorised the Municipality to utilise Municipal funds up to a limit of Rs. 5000/- for opening a fair grain depot for the benefit of the consuming public. I recommend that the resolution of the Municipal Council may kindly be sanctioned subject to the modification indicated above.

The Municipal Council of Hunsur want Rs.2000/- for a similar purpose. This may be kindly sanctioned.

As regards Nanjangud the Municipality wants permissi to utilise Rs. 5000/- out of its closing balance for opening

P.T.O.

a fair price shop. This proposal may kindly be sanctioned. The Municipal Council further want an advance of Rs. 5000/- for running the depot. I can advance this sum from the sum of Rs. 50,000/- placed at my disposal. The terms on which the advance may be given and whether the Municipality should be required to execute an agreement in writing may be kindly intimated.

Sir,

I beg to enclose the extract of the Council Resolution and that of the Committee formed to Control over the food Stuffs for kind perusal.

The Municipal Council at their meeting held on 12-10-42 have resolved that the Deputy Commissioner may be requested to accord sanction for the resolution to meet the Cost of food Stuffs for the purchase & Issue to an extent of Rs 5000/- from the Closing balance at the Credit of the municipality

They have further stated that the Committee formed will be in Sole charge of the transactions and Sell that food Stuffs equally distributed to the local merchants, recovering the Cost thereof in Cash. The whole sale merchants, who purchase the articles may Sell at the rates prescribed by the Committee and furnish accounts therefor for inspection. The Committee have also resolved that in case if permission is not granted to utilise the Municipal Fund for the purpose, the same amount would be Subscribed by the local merchants, who will abide by the Committee's decision in the Sale price fixed by them.

Under these circumstances, I would request you to kindly pass orders for the Supply of the articles mentioned in the resolution to the municipality direct and recover the cost from the Committee.

Dated Chitaldrug, 6th November 194?.

The Dy Comr may see if he can secure funds who were active in starting fair shops. Officer is on transfer as Deputy Commissioner now — 7.11.42 —

Dear Sir,

With reference to your D.O.Letter No.2090-d/C.S. dated 4th November 1942 regarding starting of 'Fair Price Depots' for sale of essential commodities in the District, I write to state that the Amildars and the Police Officers are regularly attending the Shandies in this District and rendering all assistance for the sale of foodstuffs at controlled prices to the people making purchases at the Shandies. I have called for a meeting of the Amildars and Sub Division Officers to discuss food problems and the need for opening 'Fair Price Depots'. They will be opened wherever necessary. I consider that Government Depots are better than those worked through Municipalities and co-operative Societies. The difficulty is not so much to open the depots as to get food stock to the depot from the producers. With a view to get better prices at subsequent dates the producers have cornered the foodstuffs and are not releasing them either to the merchants or to the public unless they get favourable rates higher than the controlled rate with the result that the merchants have not got sufficient stock with them to supply the depots. In many cases they have clandestinely purchased stock from the producers at a higher rate and are very unwilling to sell the foodstuffs at controlled rates as they would be put to loss. As the matter stands at present the merchants can be forced to sell at controlled rates whatever quantity they have got in their godowns but the producers who have stored stock in underground graneries cannot be forded to sell at controlled rates. I think it is very necessary and desirable to empower the Deputy Commissioners to commandeer the stock cornered by the producers whenever there is need. Unless this is done, there is very little chance of stock coming to the depots even if started

Sir,

With reference to your letter No. C.S.2993 dated 19th November 1942 enquiring when and where the Government Depots would be opened etc., I have the honour to to state that Depots are proposed to be opened in the marginally noted localities in Bangalore City.

1. Nagarthapet.
2. Cottonpet.
3. Between Mavalli and Kalasipalyam.
4. Anandarao Circle.

The Depot in Nagerthpet was started on the 20th instant in the presence of the Revenue and Finance Minister and has been working since that date. There is a heavy rush of people for ragi in this Depot and it is ascertained that people from remote parts of the City, such as, Cottonpet, Chamarajapet, are coming to this Depot for ragi. To relieve the hardships caused to the people in these localities arrangements are being made to open a Depot in Cottonpet in a day or two. The result of action taken in this behalf will be duly intimated to you.

In regard to the supply of rice to these Depots I solicit early orders in the matter of releasing 1000 bags from the Government Emergency stock.

As regards ragi, the Sub Division Officers have been requested to arrange for its purchase from the stockists in their jurisdiction and its transport to the City. The additional allotment of Rs.50,000 already asked for by me for this purpose may be kindly arranged to be placed at my disposal immediately.

Sir,

SUBJECT: FAIR PRICE DEPOTS & EMERGENCY RESERVE DEPOTS.

With reference to your letter No.C.S.2637-45/ dated 13th November 1942 calling for a report on the above subject, I have the honour to invite kind reference to my letter No.D.O.FCC.215/42 dated 15th inst. describing the lines on which Fair Price Depots have been opened or proposed to be opened in the District. I am trying to open ragi Depot in the interior parts of the Taluks through non-official agency alone, by grouping a number of villages and calling upon stockists to open Depots jointly in convenient centres.

2. As regards Emergency Stocks, I am of opinion, that considering t contour of this District and the importance of K.G.F. as a special area it will not be convenient to have Emergency Reserve at Kolar only, as indicated in your letter. A certain amount of Ragi should always be kept in reserve in every Taluk Headquarter to rush to the area where absolute shortage may require it. Rice reserves will have to be maintained at Kolar, Chintamani and Chikballapur. The K.G.F. requires a separate emergency reserve of its own of both ragi and rice, rice in this case being boiled rice.

3. On the above basis, the following are the minimum quantities of ragi and rice that would be required for the Emergency Stores:-

	Ragi bags.	Raw Rice bags.
1. Kolar Gold Fields.	4000 bags.	1000 (boiled rice).
2. Kolar.	2000 ,,	1000
3. Chintamani.	2000 ,,	500
4. Bowringpet.	900 ,,	
5. Chikballapur.	500 ,,	500
6. Malur.	200 ,,	
7. Mulbagal.	200 ,,	
8. Srinivaspur.	200 ,,	
9. Sidlaghatta.	200 ,,	
10. Bagepalli.	200 ,,	
11. Goribidnur.	500 ,,	
12. Gudibanda.	100 ,,	
Total...	11000 ,,	3000

4. The amount required for the purchase of the above incl

cost of bags and other incidental charges is about Rs.1,45,000/-.

5. Government have sanctioned in their Order No.R.2783-3/W dated 1-5-42 Rs.25,000/- for Emergency Reserve for K.G.F. area. As regards Rs.50,000/- sanctioned by Government in their Order No.R.245-56/F.M.105-41-2 dated 10/14th July 1942, I have to inform you that I have already sanctioned Rs.39,000/- for opening Grain Depots in K.G.F., Kolar, Bagepally and Malur, Mulbagal and Sidlaghatta either through local bodies or Co-operative Societies. There is a proposal to open Grain Depots in Gudibanda, Srinivaspur and other places. The balance available will have therefore to be used for opening Grain Depots wherever necessary. I therefore request that an additional sum of Rs.1,20,000/- may kindly be sanctioned for the purpose.

6. The Emergency Stores at Kolar will be in charge of the Treasury Assistant Commissioner, that in K.G.F. in charge of the Vice President, K.G.F., and those in Taluks, under the Amildars, the Taluk Sheristedars being in direct charge. These officers will inspect the condition of stocks at least once a fortnight.

7. As regards the mode of purchase of the commodities in question, I have issued circular instructions for the purchase of 25% of rice imported from outside the District into the trading centres as noted in the margin at cost price. If the stock thus purchased exceeds the limit prescribed for Emergency Stores, the older stock will be released for sale in Government or Municipal Depots or Co-operative Societies. In respect of ragi, it has to be collected within the District for all the places during the harvest season, only in the months of February and March. Arrangements will also be made to keep separate accounts in respect of the advances sanctioned for Emergency Stores.

(1) Kolar, (2) K.G.F. (3) Bowringpet, (4) Chintamani, (5) Malur, (6) Chikballapur and (7) Goribidnur.

8. Early orders of Government may be kindly obtained for the funds required.

Government Order No.R.345-56/R.D. 105-41-2 dated the 15th July 1942, placing a sum of Rs.50,000/- at the disposal of each of the Deputy Commissioners of Districts, for the purpose of advancing amounts to Co-operative Societies to enable them to buy and stock food grains for meeting the needs of the people in the Districts during an emergency.

2. Letter No.2090-S/43., dated the 4th November 1942 to the Deputy Commissioners of Districts requesting them to arrange for the opening of Government Fair Price Depots at important places in the districts and stating that the expenditure required in this connection may be met out of the advance of Rs.50,000/-, referred to in the Government Order read above.

3. Letter No.A7-Spl. A.21-12/42 dated the 18th November 1942, from the Deputy Commissioner, Bangalore District, (received through the Director of Civil Supplies), requesting in the circumstances stated therein sanction for an additional allotment of Rs.50,000/- being placed at his disposal.

ORDER NO. S.D. 6545-47 DATED, BANGALORE, THE 6TH JANUARY 1943

The Deputy Commissioner, Bangalore, reports that a sum of Rs.10,000/- has been placed at the disposal of each of the Sub Divisional Officers of Bangalore, Doddballapur and Closepet out of the allotment of Rs.50,000/- placed at his disposal, with instructions to arrange for the purchase of rice and ragi from the producers in their respective jurisdictions and to transport the commodities to Bangalore City for the Government Grain Depots, and has stated that as several Co-operative Societies and Municipalities are also asking for advances to open Depots, the allotment placed at his disposal is inadequate for the purpose and has requested therefore the sanction of an additional allotment of Rs.50,000/- (Rupees Fifty thousand) to meet the demands arising out of the present situation. In the circumstances reported, Government are pleased to place a further advance of Rs.50,000/- at the disposal of the Deputy Commissioner, Bangalore, for opening grain depots and advancing Co-operative Societies in the District.

Most Respected Sir,

It is impossible to describe the miseries of the poor who crowd in front of Mr. N. Rudriah's Mandi at Tumkur to purchase food-stuffs. More than half of them return disappointed after waiting daily for three hours and some get badly injured in the scuffles. Some days ago there also accured the death of a child in the crowd which fact has perhaps been carefully concealed from your kind notice. This evidently is the result of entrusting the distribution almost exclusively to one man and making the whole Town bow to him. It is not understood why this man should be shown a special favour though as all people knew he attempted smuggling of sugar to British territories recently. Perhaps in the personal interest of authorities concerned he is the most proper person that can play his part successfully and perhaps too it is a good bargain for them to contract relationship ~~wh~~ with such a one. If the wide spread report now at Tumkur could be believed, the Deputy Commissione and Mr. Rudriah have settled their own business terms to the advantage of both. Circumstances also go to confirm the rumour. The Deputy Commissioner knows that Mr. Rudriah is an adept at smuggling and he has specially selected him for the job to achieve his own ends. More than 60% of the total stock imported into this Town is concentrated in his hands and a free hand given to him to deal in any manner he likes. Mr. Rudriah's relationship with the Authorities on terms of equality has emboldened him to nourish false pride and behave with arrogance towards the public. He knows no courtesy to the people and often ill-treats them. The present scheme of food-controlling inaugurated by the benign Government has in this Town of Tumkur, degenerated into one of profiteering and profit concentrating. If at all a few and handful of other mer-

merchants in this town are also entrusted with the distribution, they are supplied with hardly one or two bags each; and this is just an attempt to wean the people from entertaining suspicion.

The Deputy Commissioner here seems to possess neither original talents nor acquired accomplishments which should indeed be the requirements for the very responsible post held by him. He is unapproachable to individual complaints, or, if otherwise, he treats the aggrieved individuals with utter contempt. To some he says it is high time they should have given up their luxury of sugar, to others that they should have lived on half meal, and yet to others that they should thank their stars that they are still surviving. It is indeed an Acme of undue claim for an authority of his eminence to presume that the poor innocent folk are ever contemptible. Innumerable are the poor dumb creatures who suffer silently, and they cannot but resign in calm submission to their lot. It is a harrowing tale to tell how the poor wage-earning women daily return from the market actually shedding tears with disappointment only to meet their young ones again in famished condition on their return home. I am told that food distribution arrangements are satisfactory at Chitaldrug and Hassan. Elsewhere outside the State too, I understand that a large number of distribution centres are said to have been opened in one and the same Town to avoid unnecessary rush and people are let in one by one by a turnpike entrance to leave by a separate exit after buying their wants. If only the Deputy Commissioner at Tumkur had been actuated by altruistic motives and taken pains to study arrangements elsewhere he could have organised the whole business thoroughly well. But he is least touched by the miseries of Mankind; on the other hand he is counting his gains. WHEN ROME IS BURNING, NERO IS FIDDLING.

I beg to remain,

Sir,

I have the honour to state that on the representation of Mr. I.K.Purushotham Naidu, Chief Warden, A.R.P. praying for the opening of a Government Grain Depot at Cubbonpet for the benefit of the poor inhabitants of the locality, a Depot was opened at ~~N~~.Cubbonpet on Firday the 1st January, 1943. The building has been obtained free of rent from Mr. S.P. Venkataramanappa, was present at the time and formally declared the depot open. There was a very large gathering of the inhabitants of the locality. They felt ~~was~~ greately satisfied with this arrangement.

Cubbonpet is a thickly populated area inhabitted mostly by the poorer classes and there is a real need for a depot in that locality. I request therefore that the action taken in opening a Government Depot in this locality may be kindly approved. Kolar District. Kolar.

To

S.NARAYANA RAO, Esqr., M.A., (Hons.).,
Secretary to the Government of His Highness the Maharaja of Mysore,
SUPPLIES DEPARTMENT, Bangalore.

Sir,

SUBJECT:- FAIR PRICE DEPOTS AND EMERGENCY RESERVE DEPOTS.

With reference to your letter No.CS. 5481 dated 23rd December 194 calling for detailed proposals as regards the staff required and other items of expenditure involved in connection with the above, I have the honour to state that I discussed this subject with the Amildars and Su Division Officers at a meeting convened on the 10th instant. It was ascertained that there are no Government Buildings available for keepi the Emergency Reserve Depots. Consequently rented buildings are to be taken-up in each place for the purpose. The staff required and other items of expenditure to be incurred will be as noted below:-

TALUK.	Clerk.	Peon.	Rent.	Total.
1.Kolar.	1 on Rs.40/-	2 on Rs.12/-each.	Rs. 25/-	Rs 89/- P.
2.K.G.F.	1 on " 40/-	2 on " 12/- ,,	Rs 80/-	144/- ,
3.Chintamani.	1 on " 40/-	2 on " 12/- ,,	Rs 25/-	89/- ,
4.Bowringpet.	1 on " 60/-	4 on " 12/- ,,	Rs 120/-	268/- ,
	1 on " 40/-			
5.Chickballapur.	1 on " 40/-	2 on " 12/- ,,	Rs 25/-	89/- ,
6.Malur.	1 on " 40/-	2 on " 12/- ,,	Rs 25/-	89/- ,
7.Mulbagal.	Allowance of Rs.10/-	1 on " 12/-	Rs 10/-	32/- ,
8.Sidlaghatta.	-do-	-do-	Rs 10/-	32/- ,
9.Srinivaspur.	-do-	-do-	Rs 10/-	32/- ,
10.Gudibanda.	-do-	-do-	Rs 10/-	32/- ,
11.Coribidnur.	1 on " 40/-	2 on Rs. 12/-,,	Rs 20/-	84/- ,
12.Bagepalli.	1 on " 40/-	2 on Rs. 12/-,,	Rs 20/-	84/- ,
			Total.	1064/- ,,

One more clerk and a high rent is proposed for K.G.F. in view of the magnitude of the transactions there. A bigger staff and rent are proposed for Bowringpet as I wish to make this the main Reserve, being a junction station. Dearness allowance which is permissible to all Government employees whether temporary or permanent will have to be paid to the staff. This comes to Rs.110-8-0. The total cost for th

p.t.o

the staff will be Rs.1174-8-0 per mensem.

2. My original proposal was to keep an Emergency Reserve of 11,000 bags of Ragi and 3000 bags of Rice distributed in several Talu Headquarter Towns and K.G.F.Area. But on a reconsideration I find that it is necessary to increase the quantity as noted below in the case of the reserves to be kept at Bowringpet, Kolar, Malur and Chintamani.

1. Bowringpet	...	10,000 bags of Ragi.
2. Kolar	...	6000 "
3. Malur.	...	1000 "
4. Chintamani.	...	5000 "
Total. . .	...	22,000 "

3. The entire quantity of Ragi will be purchased during the ensuing harvest season in Malur,Bowringpet,Kolar,Sidlaghatta and Chintamani on commission basis as far as possible without resorting to commandeering. But Commandeering will be resorted to, if it becomes necessary.

4. I, therefore, request that sanction of Government may be obtained for placing an initial sum of Rs. 3,00,000 at my disposal for this purpose. If more money is required, as the operations proceed, will make a further requisition. The incidental charges etc., will be met out of this allotment and separate account will be maintained for this purpose.

5. In this connection I invite reference to your letter No.CS. 5085/42 dated 16/12/1942 conveying orders of Government refusing to sanction extra executive establishment. Whether purchases are made on commission basis or directly the help of executive staff will still be required by the Amildars for measuring the commodities, transporting the same to the desired places and for supervision of the large stock held in several places etc., I am therefore of opinion that the entertainment of at least 4 Food Assistant Inspectors may be sanctioned on the same scale of pay as has been sanctioned for similar appointments Bangalore City in connection with Rationing. The cost of this establishment will also be met out of the allotment applied for.

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER,
KOLAR DISTRICT.

To

The Secretary to Government of Mysore,

Supplies Department,

Bangalore.

Sir,

With reference to your letter No.C.S.3620 dated 27th November 1942 in reply to my letter of even No. dated 15th November 1942 regarding the opening of fair price depots, stating that the stocks of Ragi available in the District may be commandeered immediately, I have the honour to state as follows:-

In my letter under reference, it was reported that in addition to the Depots already opened in several places in the District, more depots will be opened when need arises and that, whatever be their number, the question was one of supplies. The available stocks of Ragi in Kolar, Bowringpet, Malur and Chintamani taluks have been sufficiently commandeere to feed Kolar Town and K.G.F., area. Action is being taken to commandeer stocks wherever available for supply to the local markets to meet the public demand. This work is now being attended to by the Amildars with the assistance of the Hobli Revenue Inspectors. As the question of arranging supplies to the local market from available quarters has been of the greatest importance, the normal duties of these officer suffer for want of adequate attention therefor and it was therefore submitted for sanction of Government of some additional executive staff to each taluk to help the Amildars in matters connected with Food Supplies. No orders are passed on my proposals for entertainment of additional staff. Even for commandeering available stock, extra staff is considered necessary for securing and for arranging transport to Taluk Head quarters or other deficient areas. I request, therefore that sanction of Government may be kindly accorded very early

early on my proposals before Government in the matter of the extra staff required for the Taluks.

The favour of early orders is requested.

I have the honour to be,
